

Free Dog Report—from the AromaGuys
Aroma Guys Rudy Hunter & George Koury

FREE Dog Help Report: A dozen ways to help your dog
get better fast...and stay that way.

Our 12th year of helping people & animals!

Dear Dog Lover:

We're the AromaGuys (Rudy Hunter & George Koury) and
you can learn more about us at the bottom of this report.

We hope your dog will benefit from the information in this report.

We hope you end up falling in love with these oils like we did a
dozen years ago. Since that time we've helped thousands of dogs
and people (...and horses, cats, llamas, rabbits and goats!) with
these medicinal-grade essential oils.

We'd love you to become part of our group in Young Living
so you can get access to support, information and classes that
we teach. You can become part of our group by placing an order
with us. You can click on the link below to do that.

We look forward to helping you, your dog and your family.
Please feel free to forward on this report to other "crazy dog lovers"
like us and (probably) yourself.

Warmest regards,

Rudy Hunter & George Koury

The AromaGuys

P.S. Be sure you check out the amazing story at the end of this report.
This is what these oils can do to help dogs and their owners.

FREE Dog Help Report:

A dozen ways to help your dog
get better fast...and stay that way!

Note: All the essential oils described in this report are Young Living brand which are the highest medicinal-grade oils available in the world. Please do NOT substitute them for any other brand. If you take the chance and use oils on your dog that may contain toxins, you're putting their health at risk. The Young Living brand are pure and of the highest grade with absolutely no chemicals, toxins, additives or preservatives of any kind.

Want to save HUGE sums of money on vet bills?
Construct a medicine chest of the following 12 items and you'll have a way to help your dog get well and stay well. The first nine of these come in a great kit call the EveryDay Oils Kit.

Nine EveryDay Essential Oils for the pooch:

Single Oils:

Frankincense Oil: this oil is thousands of years old and is a powerful cancer-fighter and tumor-reducer. It helps lumps & bumps diminish, fade and go away. Pulls pooch out of despair and depression by uplifting the mood.

Lavender Oil: this is the “Swiss Army Knife” of essential oils. When in doubt use lavender! Amazingly healing directly on burns, bruises and cuts. It helps reduce stress and trauma along with slowing bleeding. There is no single thing your dog can complain of that won't be helped by our lavender oil.

Lemon Oil: this is a disinfectant of the highest order. Clean a wound or cut with it (it will sting!) and no infection can manifest there. It is very anti-depressant in its action so a few drops in the sick room help immensely. It will also help break down tar from the fur so it can be removed easily.

EveryDay Oils Kit

Peppermint Oil: this oil is beyond invigorating! It's potent. Rub a drop or two on the belly of pooch with stomach distress and watch the amazing thing happen. One drop of our peppermint oil is roughly equivalent to drinking 26 cups of peppermint tea. It will bring down a fever and tame hot spots; it's amazing in the summer to prevent overheating.

Oil Blends:

Valor: this is the blend we usually put on before any other oil; it's an amplifier of anything put on after it. It prepares the spine, brain and nervous system to uptake more oxygen. It's amazing to improve gait and balance. It's very soothing and uplifting for all mammals.

Purification: this blend purifies and draws. It will pull out splinters (really!) and disinfect perfectly. It has the ability to get sore muscles and joints moving more easily again.

Thieves: when there's a bug infection you want dead, this is the oil. It is VERY caustic so be careful with it. It's loaded with cinnamon and other bug/infection killers and it works wonders.

Peace & Calming: this is our anti-anxiety blend that works almost instantaneously. Anxiety, nervousness, fear-biting, hysteria and other over-the-top behavior is helped immediately with this amazing blend. Rubbing it on (not in) the ears is a great way to help puppy chill out.

Panaway: this blend helps pain go away; especially muscular pain and stiffness. It's strong and acts deeply in the muscle tissue and your creaky dog will love you for it!

Three Others You'll Want In The Medicine Chest:

These three are lifesavers. We hope you never have to even use them. If you do, you'll be relieved to have them in your home in the medicine cabinet. They have saved the lives of hundreds of dogs we have worked on over the years.

Trauma Life: This stinky blend is the BEST thing to apply immediately after any accident. It balances bleeding, cleans

a wound, pulls down hysteria and drops pain levels like a rock. We have hundreds of personal experiences with it and would never be without it.

DiGize: This blend for the tummy helps de-worm, is amazing to help gas & bloating and even poisoning! When you think about dogs they are 50% nose and 50% tummy. This oil blend has saved more dog lives than you can imagine.

Helichrysum: This single oil is very expensive and quite miraculous for bleeding. It's technically called a hemostat (pulls blood flow into a balanced middle ground) and it's amazing during trauma to stop a bleed out and balance the heart. Hopefully you'll never need to even open the bottle; but you'll be happy you have a bottle in the house.

How many drops? How often? How do I decide?

It's easy. Once you've got your oils in hand just call or e-mail us and we'll help you figure that out. It's very simple and we can help you right away.

To learn more, visit our web site: [just click here](#).

You can place an order here and become part of our group which will give you access to the support & education we provide.

Money-Saving Tip: if you're going to place an order, save yourself lots of money by becoming what's called an Independent Distributor (which obligates you to nothing) so you can get wholesale prices. We believe no one should have to pay retail! Please be sure to use the AromaGuys number (which is #203630 for George Koury) to be certain you become part of our group and can get access to all the on-going support we provide. Thanks!

About Us

We're George Koury & Rudy Hunter, the Aroma Guys. We've been told we're not bad looking and we usually smell pretty good! For the past 12 years, we've taught people how to use the world's best Aromatherapy, Young Living Essential Oils, to create optimal health for themselves and their loved ones, including kids and animal companions. We created the longest continually-running Aromatherapy training in the U.S., which is still going strong!

We also have a proven track record of teaching others to develop a truly prosperous home-based business.

Here's Young Living's mission statement. It sums up what we're all about:

"We honor our stewardship to champion nature's living energy, essential oils, by fostering a community of healing and discovery while inspiring individuals to wellness, purpose, and abundance."

Keep in touch and let us know how we can help you.

Sound Too Good To Be True?

You be the judge; check out this amazing story:

My Pitbull was diagnosed with Adenocarcinoma of the rectum at 1.5 years of age. Treatment was to be Frankincense - spinal application and rectal implants 3X a day. (You try giving a rectal implant to a rescued Pitbull - she just was NOT having it!)

So....for two years I rubbed 6 drops of Frankincense down her spine three times a day.

After the first year, she was examined by our vet, and he said “I don’t know what you did, but she has no sign of cancer in her rectum anymore.” I kept up the treatment for another year on a daily basis, and now, more than 6 years later, I rub some down her spine a couple of times a week. This treatment was not cheap, but it cured our Moishka of cancer, and allowed her to become the middle-aged, mischievous, spoiled brat that our family loves beyond compare!

The only other “treatment” we gave her was lots & lots of Love! It worked!

D. Blakley, High Falls NY
