Ticks

- 1 – Drop of Thyme on the tick to kill it and help remove it.
 - 2 - Drop of Purification on the tick site after it is removed.
 - 3 - Drop of Peppermint every 5 minutes for half an hour on the bite site.
- *Never get oils in an animal's eyes, ears or any other opening.

Topical Helpers

Animal Ointment
Cool Azul
Animal Scents Shampoo

Wound Care

Purification
Helichrysum
Lemon
Tea Tree
Melrose
Lavender
Peppermint
Animal Ointment

Animal Scents Blends Step By Step:

Step 1 – Pre clean the area

Puriclean

Slather the area to clean and/or add to water spray bottle for cleaning on the go

Step 2-- Disinfect and protect

Infect Away

Same as Step 1; infection elimination is your key goal here

Step 3 – Improve and accelerate

MendWell

Lots of Geranium, Lavender & Frankincense in this blend promote blood flow which is a major key to healing. Apply liberally.

ParaGize – a parasite killer and boost to digestion; apply topically to the tummy

RepelAroma – Citronella, Idaho Tansy, Palo Santo and Melaleuca help keep the bugs away rubbed on topically, on collars and halters and sprayed from your water bottle mixture

T-Away – trauma away is a real help with abuse & trauma; apply a drop behind each ear to calm irritation, grief & agitation. Diffuse for 30 minutes 3 times a day to build vital emotional strength and apply to paws and flanks topically.

*No Xylitol products for dogs, horses or cats—it can be lethal

*Raw food diet book: Give Your Dog A Bone
